

NAWBO

DALLAS / FT. WORTH

National Association of Women Business Owners

We Are NAWBO

In 1975, the National Association of Women Business Owners (NAWBO) was established in Washington, DC, and has since become a prominent dues-based organization dedicated to representing the interests of women entrepreneurs across various industries. With chapters nationwide, NAWBO DFW is a significant local chapter advocating for the 24,383 women-owned businesses in the metroplex, ranking our region at #5 according to SmartAsset 2020.

NAWBO DFW plays a pivotal role as a comprehensive resource, empowering women business owners to thrive in economic, social, and political spheres. Our impact is far-reaching, focusing on strengthening members' wealth-creating capacity, fostering innovative changes in business culture, establishing strategic alliances, coalitions, and affiliations, influencing public policy, and providing a supportive space for women entrepreneurs to share, learn, and flourish.

Consider becoming a Community Sponsor to contribute to our mission of empowering and fostering a sense of belonging for all women business owners. Your support will help us continue making a positive impact on the economic landscape while championing the success of women in business.
